

This century will see a substantial majority of the world's population living in urban centers. The Habitat III Conference therefore has, as its mission, the adoption of a New Urban Agenda—an action-oriented document which will set global standards of achievement in sustainable urban development, rethinking the way we build, manage, and live in cities through drawing together cooperation with committed partners, relevant stakeholders, and urban actors at all levels of government as well as the private sector.

Adopted Draft of the New Urban Agenda 20 October 2016 Quito, Ecuador

The United Nations Conference on Housing and Sustainable Urban Development (Habitat III) held from 17 to 20 October 2016 in Quito, Ecuador, successfully concluded with the adoption of the New Urban Agenda.

The Habitat III Conference as a whole was a resounding success: 30,000 people, among them 10,000 international participants from 167 countries were accredited in the Conference. In the span of four days almost 1,000 events took place, including 8 Plenary sessions, 6 High-level Roundtable sessions, 4 Assemblies, 16 Stakeholders Roundtables, 10 Policy Dialogues, 22 Special Sessions, 3 Urban Talks, an Urban Journalism Academy, 59 United Nations events, 157 Exhibition booths, 42 Village projects and over 460 side, networking, training and parallel events were organized by various stakeholders.

Habitat III thanks everyone who participated in the conference and its process. Our work here is far from over, and we look forward to our continued collaboration in following up on the New Urban Agenda, the commitments made for its implementation, and the legacy of Habitat III.
